Dear CMAA Members,

It was with great pride and humility that we spoke to you at the Club Managers opening ceremony and throughout the convention.

It was six years ago that we began the quest to help veterans and their families of the current conflict, as well as veterans all the way back to World War II, and five years ago that we received the Club Managers wholehearted endorsement of Tee it up for the Troops. We have grown exponentially as the result of your involvement, and at the convention we asked for your commitment to a National Day of Golf on the Friday before September 11th. This year it falls on September 10th, and we are asking for your guest fees and cart revenue on that day for Golf clubs and net food and beverage for city clubs, yacht clubs, etc. In addition if you want a Tee It Up For The Troops golf tournament, contribute revenue from a guest day or cocktail and auction party, etc., we would be thrilled and help you in any way we can.

As we continue to network with needy organizations that help our troops and as the conflicts our men and women fight in continue, we see that the funds we hope to expand are truly needed. It is so important to help those that have given so much to our country to defend the liberties that we all enjoy, but in turn it is so remarkable to see how little they ask for and how content they are with knowing they have served this great nation so well.

We as an organization are proud to say 95% percent of the dollars you raise go to the troops and those organizations that really make a difference. We are able to do this because we are just a group of committed volunteers.

During the convention we played a video that helps explain Tee It Up For The Troops and might help you better explain to your Board or ownership group what we are about, and ensure their commitment. We have attached that link to this email.

Thank you for your support and God Bless America!
