

2021 World Conference Career Opportunity Showcase

CMAA's World Conference provides college students with opportunities that would be hard to find anywhere else. The Career Opportunities Showcase is one example. This effort brings students and hiring managers together. Those aspiring to careers in club management get a glimpse into the industry and its representatives along with direct access to open positions. Hiring managers gain access to future club management professionals. New this year, those looking to hire will have the chance to submit short videos, showcasing their openings, clubs, and benefits of joining their teams.

Looking to Post a Job/Internship at the World Conference?

Post your videos and job descriptions online for CMAA's Career Opportunity Showcase. We will be separating them by state to make it easier for job seekers to search. Please record a video (45 seconds or less) introducing yourself (or the hiring manager), telling a little bit about your club/facility, and providing information about the position(s) you're looking to fill. Again, please keep this video presentation brief—show more of what makes your club special and allow students to learn more about who they will be working with and what they will be doing! Get excited about and creative with your video. You may have some current videos for your club, such as a marketing video you use for your membership. Alongside the video, you will also submit the job description(s) in a PDF format as well as contact information so student members can reach out if they would like to talk or learn more about your opportunity.
