CMAA Media Registration Policies
2024 World Conference and Club Business Expo
March 4-8, 2024
Las Vegas, NV

The Club Management Association of America welcomes the professional editorial staff (including photographers and camera crews) of print, online, and broadcast media at its annual World Conference and Club Business Expo.

Complimentary registrations are extended to current “working media.” Media registration entitles the individual to one complimentary, non-transferable registration which includes:

- Access to all education sessions including the Opening Business Session, General Education Sessions, and Closing Business Session;
- Access to CMAA’s Member Services Pavilion and the Idea Fair; and
- Access to the Club Business Expo.

Other publication staff (non-editorial positions, such as publishers, advertising directors, and advertising representatives) may attend only as part of registered exhibitor staff and must pay the prevailing registration fees.

Members of the media interested in obtaining registration for the CMAA World Conference must contact CMAA’s Communications Department no later than 10 days prior to the event.

CMAA will provide media representatives with fair and equal access to association activities and participants as time and circumstances permit.

Attendees who are not designated speakers at events cannot be quoted during sessions.

Registered media should notify and request permission from a Conference speaker prior to recording or capturing any material.

CMAA Board of Directors and committee meetings are closed to members of the press. If an event is designated a “closed meeting,” it will be closed to all media.
