20'x10' Booth Diagram Template

To ensure that exhibitors are in compliance regarding line-of-site visibility and usable space rules, please indicate in the provided grid where physical components (signage, booth unit, furniture, other displays) will be placed in your booth.

Please include the dimensions (width, height, depth) of each component as completely as possible. See the provided example above.

Information regarding graphics, colors, electrical outlets, etc is not required.

The grid on the following page is provided as a starting point, but feel free to submit your own existing diagrams, if you have them. Hand-drawn diagrams are acceptable.

20'x10' Booth Diagram Template

Exhibiting Company Name: _____ Booth Number: _____

Back Wall (Pipe, Drape)
