

Candidate's Full Name: *Kimberly Clark Warren, CCM*

Candidate's Present Club: *Southern Hills Country Club*

Year Joined CMAA: *2002*

It has been an extraordinary privilege to serve on the National Board over the past three years. Representing our membership and their interests is a responsibility I do not take lightly, and I remain deeply committed to serving our association.

During my tenure, I have been proud to work alongside the Membership and Professional Development Committees. Together, we have seen remarkable growth in membership and have responded to the increasing need for diverse educational offerings.

One notable project has been developing a comprehensive welcome packet to help new members feel connected and engaged from the start. Additionally, our virtual meet-and-greets have provided new members with a forum to ask questions and build relationships early in their CMAA journey.

On the Professional Development Committee, we have overseen the revision of the Contemporary Club Management textbook. With more than half of the book updated, we are ensuring that our BMI programs remain relevant, and the Certified Club Management exam questions will reflect these updates in 2026. There is still critical work to be done, especially as we turn our attention to updating the Certified Chief Executive requirements and ensuring our professional development offerings continue to meet the evolving needs of our industry.

My heart for service remains steadfast. Supporting our young professionals and demonstrating that they can build meaningful, lasting careers in this business is my personal crusade. Serving our membership is an honor; serving on the Board is a tremendous responsibility to the future of our association.

With CMAA's centennial anniversary just two years away, this is a pivotal time in our history. I am running for a second term because there is important work left

to do, and I want to see it through. I hope to continue contributing to CMAA's success as we move boldly into the next 100 years.

Other Activities

Mentorship	I have mentored more than 20 young professionals to help them discover their authentic leadership calling. Some have stayed in the club management business, and some have not, yet all have pursued their true passions through maintaining the mentorship relationship. This is a core value of my leadership that I also continue to pursue for myself through all stages of my career. I would bring this same tenacity for constant involvement if given an opportunity to serve on the National Board. I believe it is an essential component of progress.
2022	Committed to the Club Foundation Chairmen's Fund
